MESSAGE FROM THE

GOVERNOR OF QUEENSLAND AND CHIEF SCOUT

Her Excellency the Honourable Dr Jeannette Young AC PSM
Governor of Queensland

As Chief Scout of Queensland, I am pleased to have this opportunity to reflect on another exceptional year for an organisation that continues to play such a vital role in shaping confident, compassionate and capable young people across our State.

In a year full of highlights, one of the most memorable, for me and for many in the Scouting community, was the 26th Australian Jamboree, AJ2025, held in the Fraser Coast Region. It was a privilege to officially open this 10-day event, which brought together nearly 10,000 Scouts and volunteers from around Australia and the world. The Jamboree's energy and scale reflected the strength of Scouting's global network and its enduring commitment to adventure, service and friendship.

But the Jamboree was just one example of the vibrant activities taking place right across Queensland - week in and week out. From regional camps and service projects to leadership training, environmental action and creative pursuits like the Brisbane Gang Show, young Queenslanders continue to embrace the values of the Scout Promise and Law in diverse and meaningful ways.

Scouts Queensland thrives because of its people, its committed leaders, tireless volunteers, supportive families and most of all, its spirited youth members. Together, they create an environment where young people are encouraged to grow, contribute and lead.

I thank everyone involved in the movement for your dedication and passion and I congratulate you on another successful year.

Craig Ray
Chair

MESSAGE FROM THE

BRANCH EXECUTIVE COMMITTEE

It has been an honour to Chair our Branch Executive Committee (BEC) over the last 12 months and I am pleased to report to Branch Council that your BEC has applied itself with appropriate diligence to the tasks that have unfolded during the Scouting year.

AJ2025

The BEC kept a close review on the financial aspects of the Australian Jamboree, which our Branch, through a huge effort of our volunteers, delivered in Maryborough at the beginning of January 2025. Oversight also related to the Queensland Contingent attendance at that event and I am pleased to report that not only was the Jamboree a great success and a wonderful experience for those who attended, but has been a financial success. Acknowledgement must also go to the Queensland Government for its support of that event with the payment of $700,000, a wise investment for the State Government, as the return to the State has been substantially more than that, particularly with the number of visitors and the Jamboree Organising Committee sought as much resource and supply from local businesses as possible.

Update of the Strategic Plan

The BEC has worked closely with the Chief Commissioner and the Chief's Council in reviewing the Strategic Plan moving forward to 2028 and we have ensured that one of the most important aspects of the Plan, is to provide a long-term legacy for our Branch from a financial point of view. The concept of selling assets to meet redress and civil claims is fine, but ultimately if one keeps selling off the farm, there will be nothing for future generations. The strategy that has been adopted by the BEC has a clear mandate and requirement that we have legacy investments for future generations.

Liaison with Government

Considerable work has been done in this space and our engagement with all levels of Government has risen considerably to the extent that meetings are now being held face-to-face with relevant Ministers and Council Department Heads.

Insurance, Risk Management, Redress and Civil Claims

Insurance still remains one of the largest expense and budget items for Scouts Queensland. Consideration is being given by the BEC to determine if we have an appetite to accept risk as self-insurance so, as to reduce this expense. Obviously, there are certain items which we must maintain insurance for and will continue to do so.

I can report that the BEC is carefully managing the claims that are sought to be brought against the Association and where appropriate, issuing the necessary apologies and resolving matters by way of settlement. This does not mean Scouts Queensland will accept any claim and where appropriate resistance to claims without factorial basis will be maintained.

General Manager

Mr Trevor O'Hara has been appointed as General Manager of Scouts Queensland from late April 2025. We wish Trevor all the very best in carrying out and discharging the functions of the General Manager. Trevor comes to the role with extensive experience in the not-for-profit sector, but also he brings with him a wealth of experience as a volunteer in our Association.

Conclusion

It is important that we acknowledge the huge effort put in by the thousands of volunteer adult members of our Association who support the development of youth in Queensland and the implementation of the Scouting Program across the State. Finally, I would like to express my personal thanks to each and every member of the BEC, the Chief Commissioner, Honorary Treasurer and the other nine members of the BEC for their diligence and application during the last 12 months.

MESSAGE FROM THE

CHIEF COMMISSIONER

Geoff Doo

What a year 2024/25 has been for Scouting in Queensland. Annual reports allow us time to reflect on our PLAN>DO>REVIEW> approach to Scouting.

We have our Strategic **PLAN** 2023-2028 which continues to focus on "Empowering our young people to their full potential through our Youth Program."

Across the year we have been **DO**ing activities, events, programs, to ensure we are providing Adventurous, Fun, Challenging and Inclusive opportunities for all our members.

During the year, the Chief's Council have been **REVIEWING** our progress against our plan, with our Branch Executive Committee conducting a similar **REVIEW** in March 2025. Those reviews have seen some components of our Strategic Plan completed, whilst new initiatives have been included going forward.

I believe from a volunteer side and an executive side our review process is being effectively completed.

Over 2025 we were grateful to provide over 12,000 young people with the chance to experience the Scout Program and all it offers. Their participation in the program has seen them grow through experiences of leadership, adventure and challenge, all focused round their personal development, but also with a focus on what they will contribute to their local communities.

Our membership over the year saw a small reduction of 3% (6% in 2023/24) to finish at 8,116 youth members.

Over this year we have seen wonderful achievements through our Strategic Plan:

- The use of Scouts | Terrain at 71%
- 60 Mins of training sessions delivered monthly through Region/District Training meetings
- $1.5M funding from the State Government Election Commitments
- Reduction in the number of complaints across the year
- Uplift in Adult Recognition Award nominations by 46% to 197
- Statewide recognition of members by Community/ Volunteer and Australian Honours Awards
- 69 VET Qualifications issued with 1,290 Statements of Attainment
- 112 training courses delivered to over 1,100 participants
- Continued employment through the Scouting Experiences Team
- Submission to the Queensland Government Inquiry into Volunteering
- Nine Groups active on the Space2Co facility booking portal
- Successfully delivered the 26th Australian Scout Jamboree in January 2025
- Visitor Registration process rolled out across all facilities with over 5,000 registrations recorded - to support Child Safety

We have continued to deliver and participate in fantastic events and opportunities over the last year through:

This year Scouts Queensland hosted the 26th Australian Scout Jamboree in Maryborough in January 2025. Over 10,000 youth members and adult members plus 5,000 visitors attended the Jamboree across 10 days, providing all a unique Scouting, once in a lifetime, experience. The planning, execution and delivery of an event of this size, where we created a small city at the Maryborough Showgrounds and Equestrian Park, was inspiring and demonstrated the significant contribution by many tireless and hardworking volunteers over five years. BRAVO!

In closing I again thank my wife Anne and my family for their continued and dedicated support to allow me the opportunity to lead Scouting in Queensland. It is a true privilege!

To all our resolute volunteer leaders, adults and supporters in whatever capacity you are helping us – thank you! The wonderful opportunities you make available to our youth members is truly and deeply appreciated and is critical in the delivery of our Youth Program.

We are blessed to belong to an organisation of over 60 million members worldwide that allows us to be involved in "Scouting delivering to our communities' resilient young people who have gained leadership experience, are physically active and who care for others."

MESSAGE FROM THE

HONORARY TREASURER

Sam Nicolosi

The 2024/25 net profit of $1.3M reflects a sustained break-even result from our core operations with the impact from property sales enabling the positive result as it did in 2023/24. The positive results from AJ2025 and Qld Contingent contributed $2.1M to the year's income.

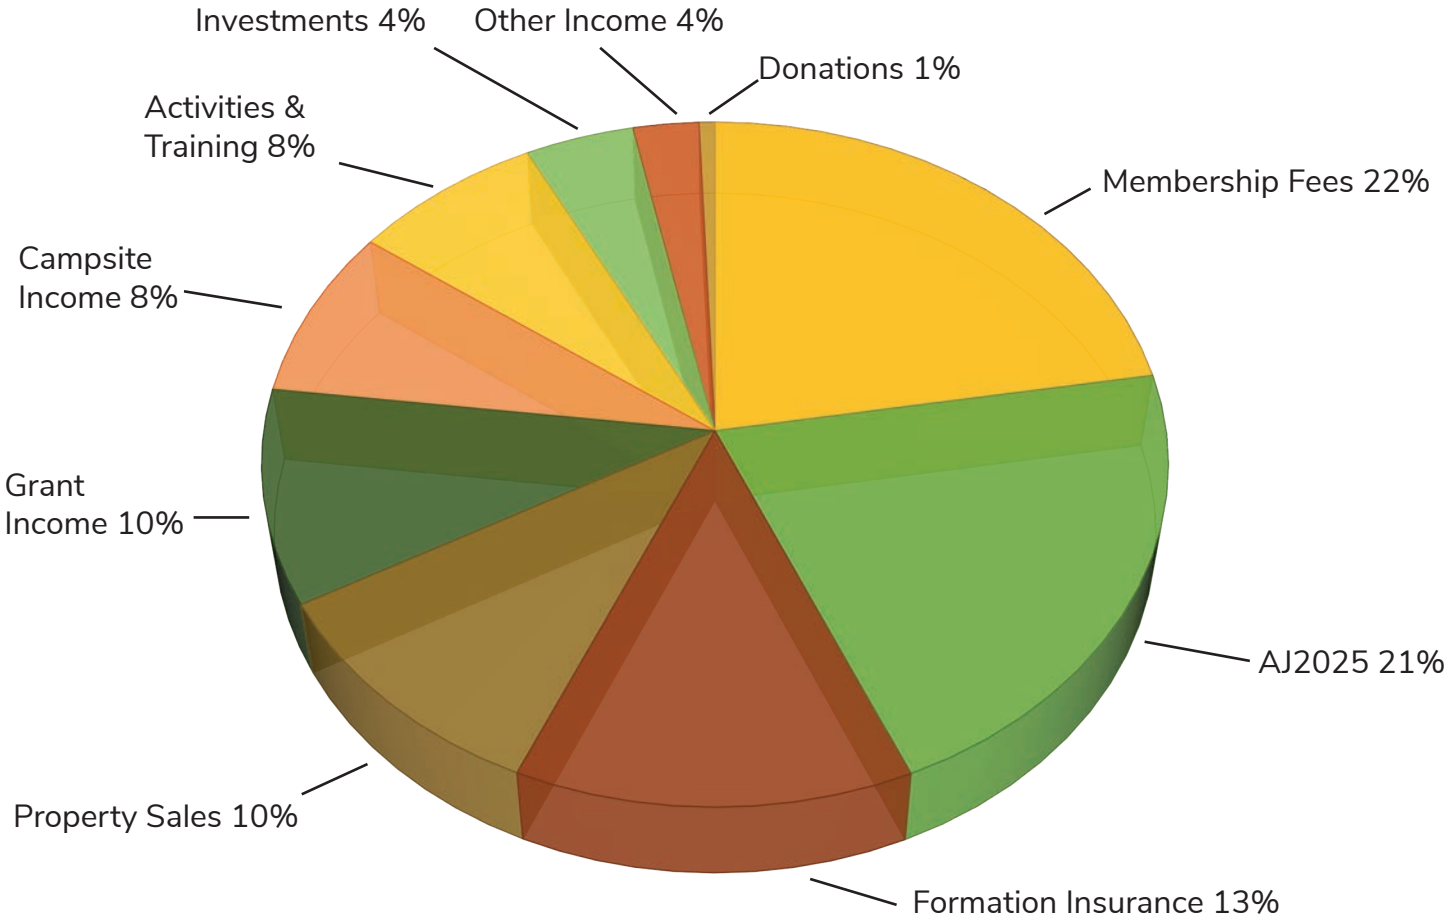

Other material impact on the results included: legal costs - $1.02M in 2024/25 compared to $1.8M in 2023/24; property sales - $1.03M in 2024/25, $1.64M in 2023/24; and the recognition of unrealised gains or losses from changes in the market value of our financial investments - $488K loss in 2024/25 compared to a $775K profit in 2023/24.

The operational result is stable, but a sustained increase in membership and other income sources is necessary to ensure that we can continue to meet increasing costs, our commitments under the national redress scheme and to be able to invest in the future of Scouting in Queensland.

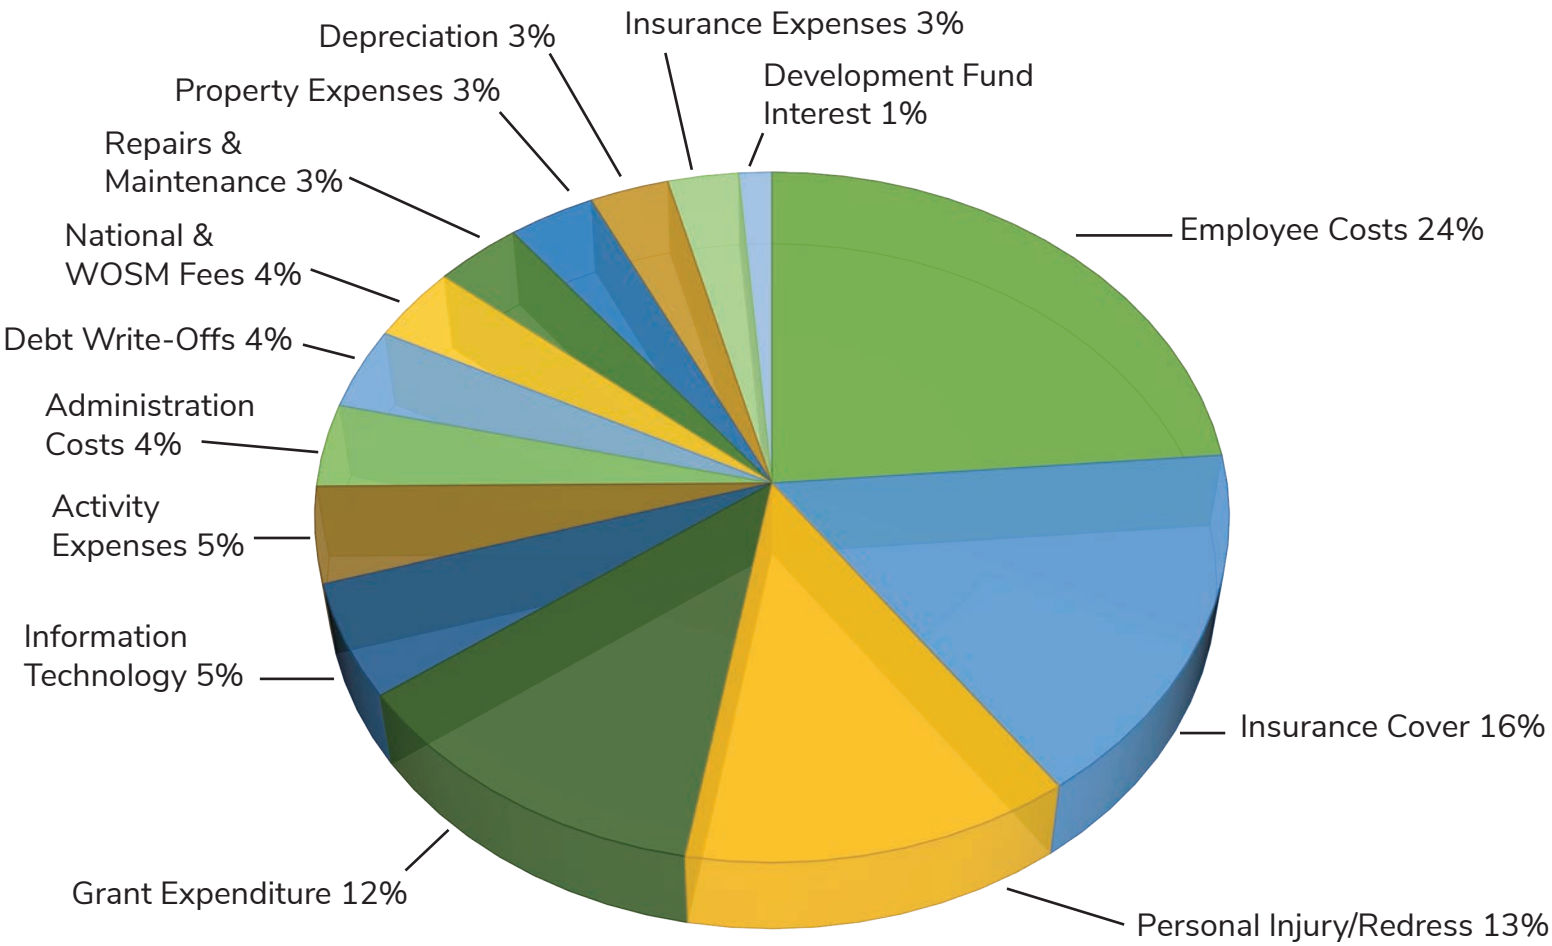

As always, I take this opportunity to acknowledge the hard work and commitment of all in Scouting and thank everyone for the wonderful work they do for our youth members' development.

EXPENSES

BRANCH SUPPORT OFFICE REPORT

The last 12 months has seen further change within the Branch Support Office.

Over the year we bid farewell to Michael Armiger, our long serving IT Manager and our Finance Manager Fran Heustis. Their contributions to Scouts Queensland were warmly appreciated.

We welcomed to the team Gaylene Bell as our new Finance Manager and Gwendolyn Elumba as Projects Administration Officer as part of the Member Services and Projects Team. Both Gaylene and Gwendolyn have made great starts in their respective roles.

The teams within the office continue to support our volunteers, through Facilities and Risk, Member Services and Projects, Finance, IT, Program Development and Brand and Sponsorship.

Over the last period for information technology, we have been supported through a contract for service with Real Bytes Pty Ltd. This is to allow time to review our Infrastructure and Systems, to ensure they are fit for purpose as we go forward.

There continues to be strong growth in our brand through social media with our presence across the various platforms.

The Scouts Queensland Facility Improvement Fund Steering Committee has continued to design, plan and deliver projects through the $1M grant funding from the Queensland Government, with the provision of quarterly reports to the relevant Government Department.

The Branch Support Office played a critical role in the delivery of AJ2025, through administrative support, use of offices and meeting rooms, mail distribution and technology support. This was very much appreciated by the Jamboree Executive Committee and contributed to the success of AJ2025.

We bid farewell to Ross McCormack in late 2024 as our General Manager and the Branch Executive Committee approved the Chief Commissioner to act in this role, whilst a recruitment campaign commenced in early 2025. This culminated in the appointment of Trevor O'Hara to the role in April 2025.

It has been a year of challenge, but our Branch Support Office team have demonstrated commitment to our strategic plan of "Empowering young people to their full potential through our Youth Program."

Since the completion of 2024/25 year the office has been rebranded to the State Office.

SCOUTS QUEENSLAND

STRATEGIC PLAN

MEMBER EXPERIENCE

As an organisation we provide:
High quality programs centred around young people in safe environments which are Adventurous, Fun, Challenging and Inclusive.

A personal development opportunity for Adult Members coupled with outdoor adventure and community service.

An opportunity for young people to make decisions.

Youth events at all levels that align to the Youth Program.

Brand awareness for parents/adults and the community regarding the development and growth of young people.

PEOPLE & CULTURE

Our People:
Provide a safe and inclusive environment for all.

Recognise and value our volunteers.

Embrace and celebrate diversity and inclusion.

Have Child Protection and promoting safety at their core.

Reinforce and support Scouts Brand in the community.

Seek out “Retention and Growth” opportunities.

Acknowledge we are all “One Team” delivering “Our Purpose” through One Program.

Develop/train/mentor and support our volunteers.

SUSTAINABILITY

As an organisation we:
Are innovative and responsive with a strategic approach to growth and strengthening Scout Groups.
Ensure our infrastructure allows sustainable growth and ongoing delivery of the Member experience.
Receive positive community recognition for our contribution.
Seek alternate revenue sources to maintain financial stability.

Address challenges with a particular focus on:
- Our volunteers
- Adapting to community expectations
- Addressing provisions for redress and civil claims
- Program delivery diversification
- Addressing youth and adult expectations

Maintain and record our history and share it with all members.
We have an embedded action for sustainable development, which supports a focus for a more positive environmental impact across the Branch.

OPERATIONS

We are an organisation that:
Manages its assets effectively, efficiently and in compliance with legal requirements.

Continuously improves its documentation/policies/standards and processes in line with its document hierarchy.

Is well governed in line with its constitution and legislation.

Adopts modern technologies to support an efficient and effective business model.

Adapts to change and supports transitions to any new environment.

MEMBER EXPERIENCE - YOUTH PROGRAM

During the Scout Year 2024/25 over 12,000 youth members have hiked, camped, paddled, climbed and ridden their way through numerous adventures throughout Queensland and (with the help of the Pip & Dick Smith Leadership Through Adventure Fund) around the world! Each week over 1,000 section meetings are held across the 180 active groups statewide, while most weekends will see numerous camps and activities being held.

This year the Branch Youth Program Team had a full complement of Sectional Support teams. Branch Commissioners supported our front-line Leaders through leader development days, supported major events and held monthly forums with their Region and District Support Leaders. Many of our youth and adults got to meet the team at the numerous activities, camps, events and award ceremonies they attended around the State.

8,116
Youth Members

Most importantly, the Queensland Branch Youth Program Team has spent the year listening to the feedback of youth, parents and adult leaders on the Youth Program. This is the first structured review of the Youth Program by any Branch since we implemented the current program five years ago, and we have to thank over 1,400 people who have contributed their feedback and thoughts.

45,672
nights camping

To address the feedback received, we developed a prioritised action plan which was tested with both youth and leaders. As a result, we started rolling out a trial of several “tweaks” to the Youth Program to improve youth engagement, along with support resources for our adult leaders. Our actions will become a critical input to a future broader program review by Scouts Australia.

2,585
Youth Members attended Major Events

Special Interest Areas (SIA) Achieved - 3,001

642
ADVENTURE AND SPORT

590
ARTS AND LITERATURE

262
CREATING A BETTER WORLD

430
ENVIRONMENT

589
GROWTH AND DEVELOPMENT

488
STEM AND INNOVATION

Milestone Awards

A youth member is awarded a “Milestone” achievement in recognition of their active involvement in the diverse Scouting Program. It considers their participation, assisting and leading Scouting activities across the different Challenge Areas of Creative, Outdoors, Community and Personal Growth. The higher milestone levels require and recognise the development of leadership skills in our youth members as they lead activities.

Milestone 1
825

Milestone 2
515

Milestone 3
325

Total Milestones Achieved

1,665

Outdoor Adventure Skills (OAS)

An Outdoor Adventure Skill stage is awarded when a youth member has demonstrated they have learnt a particular set of skills, to one of nine stages, in one of the nine different OAS streams of Bushwalking, Bushcraft, Camping, Cycling, Alpine, Vertical, Paddling, Boating and Aquatics.

Outdoor Adventure Skills Stages Achieved - 13,815

Alpine 288

Aquatics 1,536

Boating 413

Bushcraft 2,865

Bushwalking 2,600

Camping 2,749

Cycling 1,071

Paddling 1,140

Vertical 1,153

It is worth noting that Scouts | Terrain only represents about 40% of groups achievements, so there will be significantly more achievements awarded than the numbers above.

MEMBER EXPERIENCE - SPECIALIST ACTIVITIES

The 2024/25 period has been a busy time for the Specialist Activities functions of Scouts Queensland providing support to the Youth Program.

Adventurous Activities - The Team has been supporting the development of Guides and the development of activities including the Karingal Paddle Days. The 2024 Sea Kayak School was a major highlight with a large group of Venturer Scouts attending the five-day activity camp.

Air Activities - The Team have continued to deliver a great program of flying opportunities including a very successful fly away to Emerald.

International - The Team have continued to support Contingents in attending overseas events and provide support to the various Friendship Tours overseas.

Heritage - The Team have celebrated the opening of the refurbished Heritage Centre at Baden-Powell Park, Samford and continue to commit a high effort to looking after our Heritage collection.

Environment - The Environmental Education Team has continued to conduct a number of programs from the Charles S Snow Environmental Education Centre at Eprapah, Victoria Point.

Performing Arts - The Team continues to offer program support visits to Units that request them and support Major Events like Brisbane Gang Show and the various Scout Revues conducted across the Branch.

STEM - Activity opportunities have been reenergised after a successful offerings at AJ2025 and have big plans for the future.

Jamboree on the Air – Jamboree on the Internet (JOTA-JOTI) Australian Scouts participated in this annual global event, connecting with fellow Scouts worldwide via amateur radio and the internet. JOTA-JOTI facilitates international communication, allowing Scouts to engage in cultural exchanges and collaborative activities, thereby enhancing their global awareness and digital communication skills.

With smiles being our Speciality, your Specialist Activities Teams are planning for bigger and better offerings in 2025/2026.

VORTEX

LEAP

MEMBER EXPERIENCE - MAJOR EVENTS

Agoonoree
In September 2024, Scouts Queensland hosted the 43rd Agoonoree at Baden-Powell Park, Samford. This unique week-long camp brought together 320 Scouts, Girl Guides and 47 young guests with disabilities or disadvantages from outside the Scouting and Girl Guiding communities. The event exemplified the spirit of inclusion and camaraderie that defines Agoonoree. The 2024 theme, "Agoonoree at Sea," infused the camp with nautical excitement. Participants engaged in a variety of themed activities, including water sports, abseiling, archery, camp cooking and crafts.

Agoonoree 2024 not only offered memorable experiences for the guests but also provided Scouts and Girl Guides with valuable opportunities to develop leadership, empathy and practical skills. The camp's success was made possible through the dedication of volunteers and the support of sponsors, reflecting the commitment of Scouts Queensland to creating inclusive and enriching programs for all young people.

AJ2025 - Queensland Contingent
In January 2025, the Queensland Contingent proudly participated in the 26th Australian Jamboree (AJ2025) held at the Maryborough Showgrounds and Equestrian Park. The Contingent comprised over 1,300 members, including approximately 950 Scouts and eligible Venturer Scouts, along with 350 adult volunteers and support staff. Notably, several Queensland units hosted international patrols from countries such as Indonesia, Canada, New Zealand, the United Kingdom, South Korea and Papua New Guinea.

Brisbane Gang Show
The 2024 Brisbane Gang Show marked its 73rd consecutive season, solidifying its status as Australia's longest-running Gang Show. Held at the Draney Theatre, Marist College, Ashgrove, the production, 'WhoDoneIt', captivated audiences with a blend of mystery, humour and vibrant musical numbers.

Featuring a cast of one hundred Scouts and Girl Guides aged 9 to 25, supported by more than 150 volunteers, the show exemplified the dedication and talent within the Scouting community. Under the direction of Rhiannah Boch, the first female director in the show's history, the production highlighted the collaborative spirit and creativity of its participants.

The season concluded with a special performance on 20 July at Maryborough City Hall, extending the show's reach to regional audiences. This tour highlighted the show's commitment to community engagement and the promotion of performing arts across Queensland, whilst seen as an opportunity to engage the Maryborough community with the then upcoming 26th Australian Jamboree in January 2025.

Governor-General's Camp
In April 2024, Scouts Queensland joined over 2,000 Scouts and Leaders from across Australia at the historic Governor-General's Camp, held on the grounds of Government House in Yarralumla, Canberra. The Queensland Contingent consisted of 37 youth members and 17 Adults. This was an unprecedented event, hosted by His Excellency the Honourable David Hurley AC DSC (Retd), Governor-General of Australia and Chief Scout of Scouts Australia and marked the first time in a century that Scouts camped at the official residence of the Governor-General.

Spanning six days, the camp offered a diverse program aligned with Scouts Australia's Achievement Pathways. Participants engaged in a range of adventurous activities, including abseiling, kayaking, mountain biking and bushwalking. Special Interest Areas featured cultural experiences such as Aboriginal-inspired dot painting, drone flying and visits to national institutions like Questacon, the Australian War Memorial and Parliament House. The camp emphasised youth-led experiences, with Scouts taking on leadership roles within their patrols. Evening programs fostered camaraderie and reflection, reinforcing the camp's focus on personal growth and community building.

LEAP
Scouts Queensland successfully delivered LEAP24 (Leadership, Empowerment, Adventure, Patrols) across two sites - LEAP South held at Baden-Powell Park, Samford and LEAP North, Bluewater, Townsville. These six-day experiences brought together over 500 Scouts and Leaders from across the State to participate in high-quality, patrol-based adventure programs.

Both sites focused on personal progression, teamwork and leadership in a fun, safe and supportive environment. Activities included abseiling, canoeing, pioneering, environmental exploration, performing arts and STEM challenges. Each Scout had the opportunity to work towards their Milestone badges and complete Special Interest Area projects, with some advancing components of their Outdoor Adventure Skills.

Youth-led patrols enabled participants to develop confidence, communication and decision-making skills. LEAP24 was supported by a committed team of adult volunteers, Rover Scouts and Venturer Scouts, ensuring that every participant had a meaningful and memorable experience.

Roverway
During the year Scouts Queensland was proud to support the participation of 38 Rover Scouts at Roverway, held in Norway from 22 July to 1 August. This international event brought together thousands of Rover Scouts and young adult leaders from across Europe and beyond for a unique journey of exploration, cultural exchange and personal development.

Participants began their experience with a “Path”, a smaller expedition group exploring various parts of Norway before converging at the main campsite in Stavanger. The event’s theme, “North of the Ordinary,” reflected the spirit of adventure, diversity and inclusivity celebrated throughout the program.

The event not only enhanced international friendships but also inspired participants to bring new perspectives back to their local communities. Roverway 2024 reaffirmed the global unity and impact of Scouting in shaping tomorrow’s leaders.

26th AUSTRALIAN JAMBOREE

The 26th Australian Jamboree (AJ2025), held from 6 to 15 January 2025, at the Maryborough Showgrounds and Equestrian Park, stands as a monumental achievement for Scouts Queensland. As the proud host Branch, we embraced the immense responsibility and incredible opportunity to deliver a truly unforgettable national (and international) Scouting event.

AJ2025 was not just a camp; it was a vibrant, self-contained city of adventure, learning and friendship, meticulously brought to life by the passion and strategic foresight of thousands of our dedicated Leaders.

The theme "Your Quest, Your Way" shaped every part of AJ2025, encouraging Scouts to take ownership of their Jamboree experience and embrace the adventure on their own terms. From choosing activities that challenged them, to building new friendships, developing resilience and discovering their potential, each young person's journey was unique.

A Homegrown Success Story Forged in Collaboration:
Hosting an event of AJ2025's magnitude required unparalleled collaboration, meticulous strategic planning and commitment from every level of the organisation. The Jamboree Executive Committee (JEC) role was to spearhead the entire operation. From the initial conceptualisation phases, through detailed logistical planning, to the vibrant execution and final demobilisation, our Branch's leadership, vast network of volunteers and dedicated staff poured countless hours into creating a seamless, enriching and inspiring experience for over 9,500 participants, comprising of Scouts, Venturer Scouts, Leaders, and Service Leaders from across Australia and around the globe. This was a whole-of-Branch effort that truly exemplified the spirit of Scouting.

Central to the success of AJ2025 was the unwavering commitment and strategic leadership of the JEC. This dedicated group of volunteer leaders, captured in the accompanying photograph, provided the essential governance, oversight and tireless effort required to orchestrate an event of this scale. Their collaborative spirit, rigorous preparatory efforts and understanding of the Scouting Movement were the bedrock upon which the entire Jamboree was built. Through countless hours of meetings, thoughtful determinations and proactive problem-solving, the JEC's leadership ensured that every facet of AJ2025, from logistics and programming to safety and participant welfare, was executed with precision and passion, truly embodying the "homegrown success" achieved through dedicated collaboration.

Jamboree Executive Committee
26th Australian Jamboree (AJ2025), Maryborough, Queensland 6 - 15 January 2025

Key Contributions and Achievements of Scouts Queensland in Hosting AJ2025:

Strategic Vision and Unwavering Leadership:
Scouts Queensland provided the foundational vision and strategic direction for AJ2025, ensuring it aligned perfectly with Scouting's core values of personal growth, community service and adventure. Our Chief Commissioner, Geoff Doo, serving as the Camp Chief, provided exemplary leadership for the entire Jamboree team. His foresight, dedication and ability to inspire thousands of volunteers were critical in navigating the complexities of such a large-scale event, ensuring that the Jamboree delivered on its promise of adventure, learning and fostering a sense of belonging for every participant.

Strategic Partnerships:
Robust liaison with the Fraser Coast Regional Council and local businesses was fundamental, ensuring full local government support and seamless integration within the community.

Strong State Government and Community Engagement:
Scouts Queensland actively engaged with all levels of government and the broader community, ensuring maximum support and positive impact.

Economic Impact:
The Jamboree's positive economic impact on the local Maryborough and Fraser Coast economy was substantial, estimated at over $3M. This significant boost to local businesses, hospitality and employment further underscored the tangible benefits of Queensland hosting such a major event, leaving a positive economic footprint long after the last tent was packed.

Extensive Logistical and Site Planning:
This included the precise layout and setup of distinct camping areas known as Subcamps, a sprawling central services precinct, numerous activity zones, medical and emergency facilities, diverse entertainment arenas and efficient transport hubs.

Significant Investment:
The crucial $700,000 funding secured from the Queensland Government was instrumental in delivery of our adventurous activities. This funding enabled the procurement of essential safety and activity equipment, the construction of activity stations (such as purpose-built abseiling towers and complex obstacle courses known as Your Summit) and the implementation of eco-friendly infrastructure like advanced waste management and water recycling systems. This essential safety and activity equipment can be distributed across Queensland to allow more members to experience adventurous activities.

Volunteer Mobilisation and Support:
The absolute heart of AJ2025 was its extraordinary volunteer force, with over 2,500 dedicated adult volunteers, primarily comprising experienced Scout Leaders, passionate Rover Scouts and Venturer Scouts from across Queensland and beyond, who served as Service Leaders. These selfless individuals undertook an astonishing array of roles across all 14 directorates from intricate logistics and robust sites and services management, to large-scale catering (producing over 25,000 meals daily), comprehensive welfare and medical support, innovative activity facilitation, support services, dynamic programming and critical emergency and event services.

Innovative Program Development and Engaging Delivery:
The delivery of an exciting, challenging and varied program is at the heart of the event. It is designed to cater to diverse interests, providing a challenging environment for all participants while linking to their Achievement Pathway.

On-Site Thrills:
The program featured a dynamic range of on-site activities that pushed boundaries and fostered skill development, including thrilling abseiling, challenging obstacle courses, engaging robot discovery labs that blended STEM learning with fun and the uniquely Australian “esky racing” that brought laughter and teamwork.

Off-Site Adventures:
Beyond the main site, participants embarked on exciting off-site excursions to iconic Queensland locations. These included marine conservation and beach activities in Hervey Bay for a day of water activities, stand up paddle boarding and snorkelling as the Your Seaside base, immersive educational experiences at Australia Zoo (Your Attraction), providing a broader appreciation of Queensland’s natural beauty and wildlife, finishing with a day in Maryborough exploring historical locations and engaging in challenge activities (Your Sights).

Welcoming the World:
Fostering Global Connections: AJ2025 was a truly international affair, with large contingents from 16 countries joining their Australian counterparts. The approach of integrating international participants directly into Australian Units rather than segregating them fostered deep, authentic cultural exchange and camaraderie.

Robust Safety Protocols:
The safety and well-being of every participant was paramount. A comprehensive risk management framework, rigorous safety briefings, 24/7 medical facilities staffed by professional volunteers and a dedicated welfare team ensured a secure and supportive environment for all. Emergency services partnerships were deeply integrated into the planning, ensuring rapid response capabilities.

A Legacy of Preparedness, Resilience and Inspiration:
AJ2025 unequivocally showcased the very best of Scouting the ability to be prepared for any eventuality, adapt to challenges with agility and foster resilience and leadership in young people.

These large-scale, immersive experiences offer a dynamic environment where young people can apply and enhance the competencies learned within their regular Scouting programs from advanced outdoor adventure skills like abseiling and pioneering, to critical life skills such as problem-solving, teamwork, communication and resilience under pressure.

The direct link to the achievement pathways is significant and multifaceted; participating in major events directly contributes to completing requirements for various Milestones and Special Interest Areas, earning proficiency badges (e.g., in camping, hiking, first aid, or environmental stewardship) and fulfilling components for higher awards like the Australian Scout Award or King's Scout Award.

The challenges overcome, the diverse friendships forged with Scouts from across the nation and internationally and the practical lessons learned at these events provide tangible evidence of personal growth and the practical application of Scouting principles, thereby enriching their journey along the achievement pathways and preparing them for future leadership roles within Scouting and beyond.

PEOPLE AND CULTURE

Adult Recognition Awards

In 2024/25 we received 197 nominations for Adult Recognition awards which was an increase of 49% from the previous year, a great indicator of a culture that recognises and rewards volunteer efforts. To view the full list of Award Recipients for 2024 visit our website.

Uniform Members Recognition Awards

Non-Uniform Members Recognition Awards

Rover Scouts Recognition Award

Training and Development

Scouts Queensland is committed to a culture of continuous learning. During 2024/25 our volunteer Training Team delivered 112 Training courses to 1,160 Scouts Queensland members. The Team continued to provide 60mins of... training resources to be delivered to leaders and adult members at Region and District Training meetings.

Scouts Queensland now has 211 Child Safe Scouting Officers (CSSO) across the State with 66 attending training for new or renewal participants during the year.

30 Wood Badge courses - 466 participants

73 Adventurous Activities courses - 591 participants

9 Elective courses - 103 participants

Diversity and Inclusion

We value the diversity of our members including gender, sexuality, race, religion and ability and we aim to provide a safe and inclusive environment for all. Through Scouting, we recognise that not everyone is the same and that what is adventurous, fun and challenging can look very different to different people. As such we consider issues of accessibility and inclusion a high priority making constant adjustments to our approach so everyone can grow and develop through Scouting.

Scouts Queensland members from a diverse range of cultural backgrounds participate in the Youth Program across the State. We also work closely with specific ethnic groups to support involement in Scouting. Approval has been given for commencement of a Formosa Scout Group and Leaders are mid way through their training in preparation for acceptance of youth members.

Qualifications

The purpose of the Scout Movement is to contribute to the education of young people in achieving their full physical, intellectual, emotional, social and spiritual potential. Contemporary Scouting programs support young people living in a fast moving, ever changing global society to engage in personal development and adapt their needs and aspirations.

Youth members can undertake formal and non-formal education and training through Scouts to develop new skills and knowledge.

Scouting not only provides opportunities for young people, but offers life long learning opportunities to all members through its enterprise Registered Training Organisation, Scouts Australia Institute of Training (SAIT) (No. 5443).

SAIT enables members of Scouts Australia, who have completed the relevant components of the Youth Program and Adult Training & Development, the ability to seek externally accredited qualifications. These qualifications range from Certificate II to Diplomas in areas of Outdoor Recreation, Business, Leadership and Management, coordination for Volunteer Programs and Creative Industries.

A total of 69 VET qualifications were achieved in 2024/25 with 1,290 Statements of Attainment representing partial completion of a qualification or complete of a skill set.

Testimonial

Rover Scout and newly appointed Assistant Branch Commissioner (Adventurous Activities) Matthew (Matt) Vella's achievements are testament to the value of the training and qualifications that can be attained through the Youth Program, matched by his own personal drive and commitment to perform at the highest level.

Matt has distinguished himself as a high achiever within the outdoor adventure sector, particularly in the Scouting community. Originally based in Mackay, Matt's dedication and expertise are evidenced by his attainment of prestigious awards such as the Queen's Scout Award, Baden-Powell Scout Award, the Gold Duke of Edinburgh Award and Outdoors Queensland's K2 Base Camp Emerging Achiever Award. These accolades highlight his commitment to excellence in outdoor pursuits and leadership.

Matt's extensive skills in Sea Kayaking, Bushwalking and Canoeing are complemented by his influential leadership roles. As a Rover Scout and District Leader in Adventurous Activities, he not only excels in his own endeavours but also plays a crucial role in guiding and mentoring others. His commitment to best practices, professional behaviour and safety in outdoor activities has led to significant contributions in outdoor education.

Matt holds a Diploma in Outdoor Leadership.

SUSTAINABILITY

To ensure we can continue to meet our civil litigation and redress obligations the Branch Executive Committee in conjunction with the Chief Commissioner continue to review our assets to identify opportunities for sale, where there is no effect on the delivery of the Scout Program.

This year we have seen the sale of the following properties.

Bundaberg North | **Clermont** | **Cloncurry** | **Silkstone**

The Queensland Government Infrastructure Project of $1M of funding, has seen progress against the 17 projects over the year with five now being completed. We meet regularly with the Government Department to review and report progress on this initiative. The majority of the remaining projects are expected to be completed by October 2025, with a couple stretching into early 2026.

We were also fortunate to receive further State Government election commitments from the 2024 State Election of $1.5M of funding across seven projects. These projects are also being managed through the Infrastructure Project Steering Committee.

The above funding lines coupled with State Government support for AJ2025 demonstrates a strong relationship being established between Scouting and our elected officials.

During this year we have seen continued growth and revenue through our Branch managed campsites and the Equipment & Activity Store.

We have made a submission to the State Government's Inquiry into Volunteering, highlighting the challenges we face in recruiting and retaining volunteers. We are awaiting our opportunity to present to the Parliamentary Committee.

The challenges around the changing face of volunteering have seen us review our volunteering model, to look at opportunities to align and balance our needs with those of people who wish to volunteer in Scouting. We expect our work here to contribute to work being undertaken by Scouts Australia. The outcomes will be determined in the coming year.

OPERATIONS

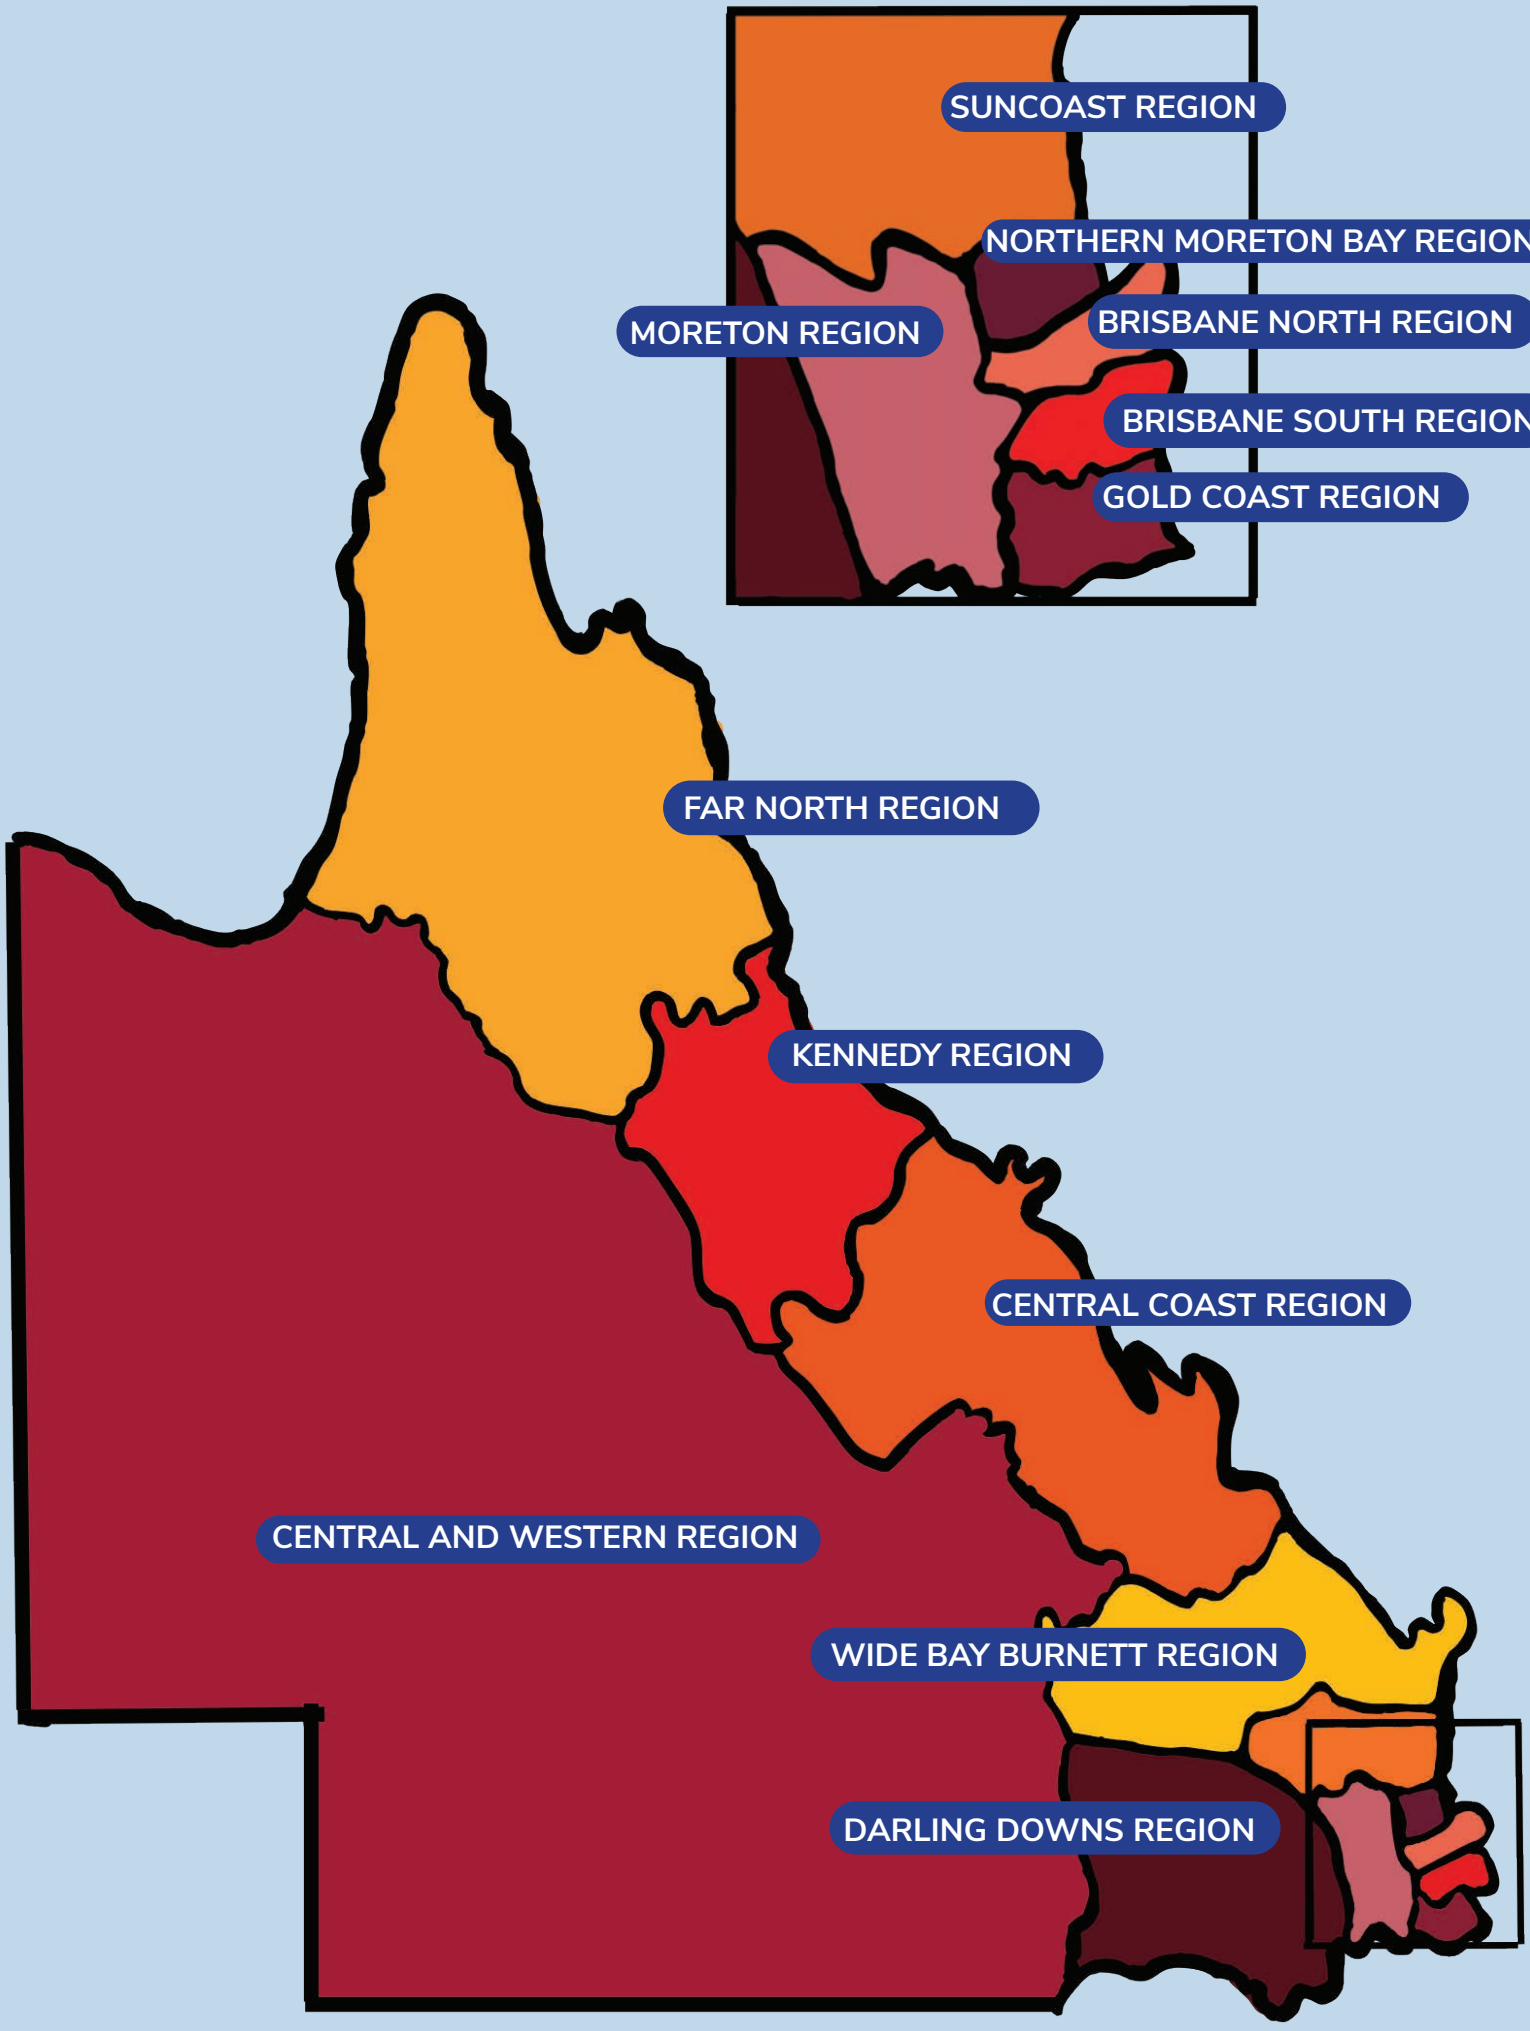

Our document hierarchy continues to be developed with eight policies approved and published by the Branch Executive Committee.

We successfully implemented the new Adult Member Definition into our membership database (SMS) over the last year, whilst also having all Scout Groups now on the Scouts Queensland Operoo package.

Our sub committees of Branch Executive all meet and regularly provide reports to the Branch Executive Committee. There has been a strong focus on Enterprise Risk over the last year as we work to update and better reflect our “Enterprise Risks.”

Over the last year there has also been a large focus from the Branch on ensuring the successful delivery of AJ2025. This was an enormous amount of work, by volunteers and paid employees that delivered a wonderfully successful event for the young people and adults who attended. I am sure you will appreciate the impact an event of this size has and thus that focus was a priority for our Branch.

Number of Districts: **5**

Number of Groups: **26**

Number of Youth Members: **1,668**

Region highlights include:-

Knight Moves is a Region night time navigation wide game and camp with close to 400 people in attendance.

Cubyanya had approximately 300 young people in attendance for a day of activities run by all the Districts. Also included a BBQ lunch and activities run by Performing Arts, Scouts and Heritage.

Kanyanya is a half day, Leader training held at Samford. With 20 Leaders in attendance the focus being on games and activities that could be shared.

Cubyanya

Brisbane South Region

Number of Districts: **7**

Number of Groups: **39**

Number of Youth Members: **1,900**

The Region, steered by a team of keen volunteers held the annual **TrailJam** in the Karrawatha Forest, which was well supported by over 500 youth members and adults across the Region. This is the largest TrailJam IN THE WORLD.

Each of our Districts have hosted their own camps, further strengthening local connections and providing valuable outdoor experience for the young people in Brisbane South Region. In addition to our traditional camps, we continued to offer dirt karting to the older sections. Ekibin District has started offering regular paddle sessions at Karingal, which has also been well received.

TrailJam

Number of Districts: **4**

Number of Groups: **11**

Number of Youth Members: **106**

Region highlights include :-
43 young people attended the **Keewol** Activities weekend and 125 youth members enjoyed an Air Activities weekend in Emerald.

Air Activities weekend in Emerald

Central Coast Region

Number of Districts: **3**

Number of Groups: **12**

Number of Youth Members: **430**

Region highlights included :-
Having 54 Scouts from the Region attend **AJ2025** which is the largest number in many years and represents about 35% of the Region's Scout aged youth members.

Calliope Cub Scouts Hike

Darling Downs Region

Number of Districts: **3**

Number of Groups: **14**

Number of Youth Members: **464**

The Region's greatest achievement was the staging of **Operation Nighthawk** 2024, the largest scout activity in Queensland outside of a Jamboree. Over 1,300 Scouts and Venturer Scouts travelled to Pittsworth from all over South East Queensland and Northern New South Wales to participate in the overnight hike using their initiative, teamwork and leadership skills to complete the annual challenge.

Other significant activities include the **Darling Downs Revue**, **Scout Founders Day** celebration and the Toowoomba **Carnival of Flowers** Parade Scout Float.

Operation Nighthawk

Far North Region

Number of Districts: **3**

Number of Groups: **11**

Number of Youth Members: **450**

Last year Far North Region (FNR) continued to offer adventurous, fun, challenging and inclusive Scouting to our youth members. Our Region Activity Weekends (RAW) are held towards the end of each school term offering a wide range of Adventurous Activities. RAWs have been so successful that other Regions are now offering similar region based activity weekends.

August 2024 saw our biannual **Hop n Howl** camp for Joey Scouts and Cub Scouts at Camp Barrabadeen.

FNR was well represented at the **Governor General's Camp** in April 2024 with Joey Scout, Cub Scout, Scouts and Venturer Scout sections represented.

Kamerunga Rover Scouts - Far North Queensland Moot

Gold Coast Region

Number of Districts: **3**

Number of Groups: **18**

Number of Youth Members: **767**

The Region typically stages an activity for each section every term of the year. These activities include camps, adventurous activity days, themed activity days and leadership courses. One activity that is a huge success is the **Kokoda Games**. This activity day is focussed on Joey Scouts and Cub Scouts and provides a wide range of activities that foster resilience, initiative, teamwork and friendship.

Last year saw 11 of our Leaders recognised with an Adult Recognition Award for their dedication to Scouting. While not seeking recognition, it is important that we take the time to recognise the amazing work our Leaders do.

Broadwater District Kayaking

Kennedy Region

Number of Districts: **0**

Number of Groups: **7**

Number of Youth Members: **292**

Our Region is trialing a different structure with an Assistant Region Commissioner for each strategic plan pillar, Member Experience, People and Culture and Sustainability and Operations.

Young people from across the Region attended major events such as **LEAP North** and the **Australian Jamboree**.

LEAP North was held at Tarmaroo Campsite.

Congratulations to Ann-Marie Hislop, Group Leader at Kirwan Scout Group who was awarded a Silver Kangaroo this year.

LEAP North

Moreton Region

Number of Districts: **4**

Number of Groups: **15**

Number of Youth Members: **469**

Members from Moreton Region participated in the Australian Jamboree (AJ2025) in January 2025. There was also participation from all sections at other major events including **Joey Scout Jaunt, Operation Nighthawk, Urban Challenge, Banana Bash** and many more.

Limestone Revue successfully presented Disney's Little Mermaid.

The Region conducted a camp for all sections and ran **JOTA/JOTI** and **Operation Archer** and **Operation NightOwl**.

Through the year we celebrated many Peak Awards in all sections and several Leaders were also recognised for their contributions to Scouting.

Gatton Cub Scouts on a Hike

Northern Moreton Bay Region

Number of Districts: **2**

Number of Groups: **13**

Number of Youth Members: **680**

The Region saw a high level of participation in various Scouting activities at all levels within the Region and outside of it. For those attending **AJ2025**, there were great opportunities to prepare and gain valuable experience beforehand.

Northern Moreton Bay Region (NMBR) had a hectic and for many, an intense year of Scouting; particularly with the lead-up planning, set-up and conduct of AJ2025.

The Region is looking for new challenges and driving forward into the current Scouting Year with enthusiasm and commitment. A big thank you to all the Adults, Leaders, Supporters and parents/ guardians who give their time to support Scouting, a very worthy commitment.

Skillorama - Murrumba District

Suncoast Region

Number of Districts: **3**

Number of Groups: **12**

Number of Youth Members: **588**

Region highlights include:-

District Activities – A wide range of local activities have engaged youth members in camping, service and outdoor adventure.

Leadership Courses – Cub Scout, Scout and Venturer Scout Leadership courses continue to be run twice yearly.

Scouts and Venturer Scouts Journey Planning Day - Facilitated to assist youth members in achieving their badge and award milestones.

Region Planning Meetings – held its first annual meeting in 2024 to guide planning and coordination across Districts.

Thanks to generous support from the Dick and Pip Smith Leadership Through Adventure Fund, several Suncoast youth members participated in exceptional, life-changing adventures.

Noosa Sea Scouts - Leadership Through Adventure Fund Journey, Larapinta Trail

Wide Bay Burnett Region

Number of Districts: **2**

Number of Groups: **13**

Number of Youth Members: **301**

The Region hosts two camps, one in February and the other in October. The February Camp links to Founder's Day and is conducted alternatively between Fraser Coast District (Aldershot) and Bundaberg District (Wyper Park). This year it was Aldershot's turn to host, and it celebrated 80 years that Scouts had camped at this site.

The **JOTA/JOTI** camp is conducted each year at Wyper Park as this District has great connections with the local radio club who provide the staff to conduct the activity.

Youth Members visiting Maryborough Town Hall as a part of the YOUR SIGHTS AJ2025 program.

YOUTH PEAK AWARDS

Scouting Peak Awards represent a high level of achievement and effort from our youth members. To earn their Peak Award, youth members in each section must complete a number of age-appropriate development activities including outdoor adventures, community involvement, leadership and personal growth.

Over the last 12 months a total of 538 peak awards were achieved.

2025
- 179 Joey Scout Challenge Awards
- 195 Grey Wolf Awards
- 120 Australian Scout Awards
- 37 King's Scout Awards and 2 Queen's Scout Awards
- 5 Baden-Powell Scout Awards

JOEY SCOUT CHALLENGE AWARD

KOBY, CAMIRA SCOUT GROUP

"Achieving my Challenge Award made me feel happy and proud of what I can do. I got to try new things like rock climbing and going on a big bike ride. I also got to make new friends.

I was very excited to be presented the badge in front of my Group. They all clapped for me and it made me proud of myself. Now I'm excited to move up to Cub Scouts. "

GREY WOLF AWARD

SOPHIA, MACKAY CITY CENTRAL SCOUT GROUP

"Achieving the Grey Wolf Award showed me that I can do big things by taking small steps and never giving up. Working towards my Grey Wolf helped me step out of my comfort zone and made me more confident and independent. I also learned how important it is to work as a team, and I made some great friends along the way. I'm really proud of how far I've come and I'm super excited to start working towards my next Peak Award!"

AUSTRALIAN SCOUT AWARD

NOAH, YEPPOON SCOUT GROUP

"Getting the Australian Scout Award meant a lot to me. It proved that I was prepared and that I was trying hard. Furthermore, it proved that I had achieved the goals I had set for myself in the Scout section: to help others, to share my knowledge and to encourage my friends to keep going. There are other requirements for this award besides task completion. It shows how much I've grown. I've improved my teamwork, leadership and ability to persevere in the face of difficulty. I'm proud of what I've achieved and excited to see what happens next."

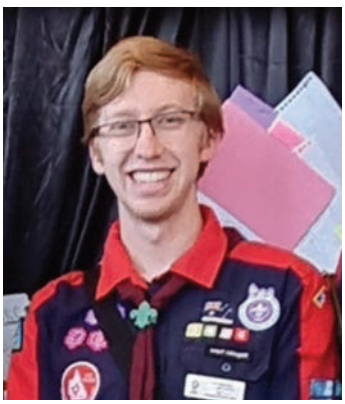

KING'S SCOUT AWARD

MYA, KEDRON SCOUT GROUP

"Achieving my King's Scout Award represents the growth, resilience and commitment I've developed throughout my Scouting Journey. I've always aimed to make the most of what the youth program offers and whilst working towards my Peak Award, I had the opportunity to take on amazing challenges, visit countless new places, build new skills and forge lifelong friendships. Achieving my King's Scout Award has shown me that I have the capability for anything I put my mind to and has built my self-confidence and my ability both in Scouting and beyond. I am so grateful for this opportunity and proud to be a King's Scout."

BADEN-POWELL SCOUT AWARD

PATRICK, ALGESTER SCOUT GROUP

"Achieving the Baden-Powell Scout Award was really the culmination of my entire Scouting Journey as a youth member. It gave me a chance to use all the skills that I have learned over the years and allowed me to prove to myself just how much I know and what I am able to achieve if I set my mind to it. Being a part of Scouts has been a massive part of my life since I joined Cub Scouts and I am still using the lessons in leadership and planning everyday in my adult life. My advice for any current Scouts thinking about going for their peak award is to just go for it. You may just surprise yourself with what you are able to achieve and the journey towards that summit will teach you more than you could possibly imagine."

VOLUNTEERS

The delivery of the Scouting program to young people in Queensland remains possible due to the unwavering commitment, selfless contribution and tireless efforts of our volunteers.

Over 4,000 volunteers support the delivery of the Scouting program in Queensland each year. Many have trained to become Leaders, across many roles and others bring their personal skills to support such as Chair, Secretaries, Treasurers and Committee members. Volunteering is not restricted to roles with formal appointments as we could not function without supporters to deliver fundraising, maintenance activities and attendance at camps and major events.

In 2024/25 we estimate our volunteers contributed in excess of 1M volunteer hours which equates to $47M per annum. Like other not for profit organisations we continue to face the challenge of retaining and attracting new volunteers. By understanding the barriers to volunteering we hope to adapt to offer more flexible opportunities and ensure our volunteers are supported.

People are motivated to volunteer for enjoyment, to be active and to help others, all of which can be achieved through Scouting. Scouts Queensland this year made a submission to the Queensland Government's Inquiry into Volunteering, where we articulated the challenges we face and provide some recommendations for Government consideration. We look forward to the findings of this Parliamentary Committee and the outcomes that will follow.

Through Scouting, adults can learn new skills, attain qualifications, make friends and connections and be physically active all whilst contributing to the development and improved welfare of young people.

We thank all our dedicated volunteers without whom we could not deliver the Scouting Program.

King's Birthday Honours

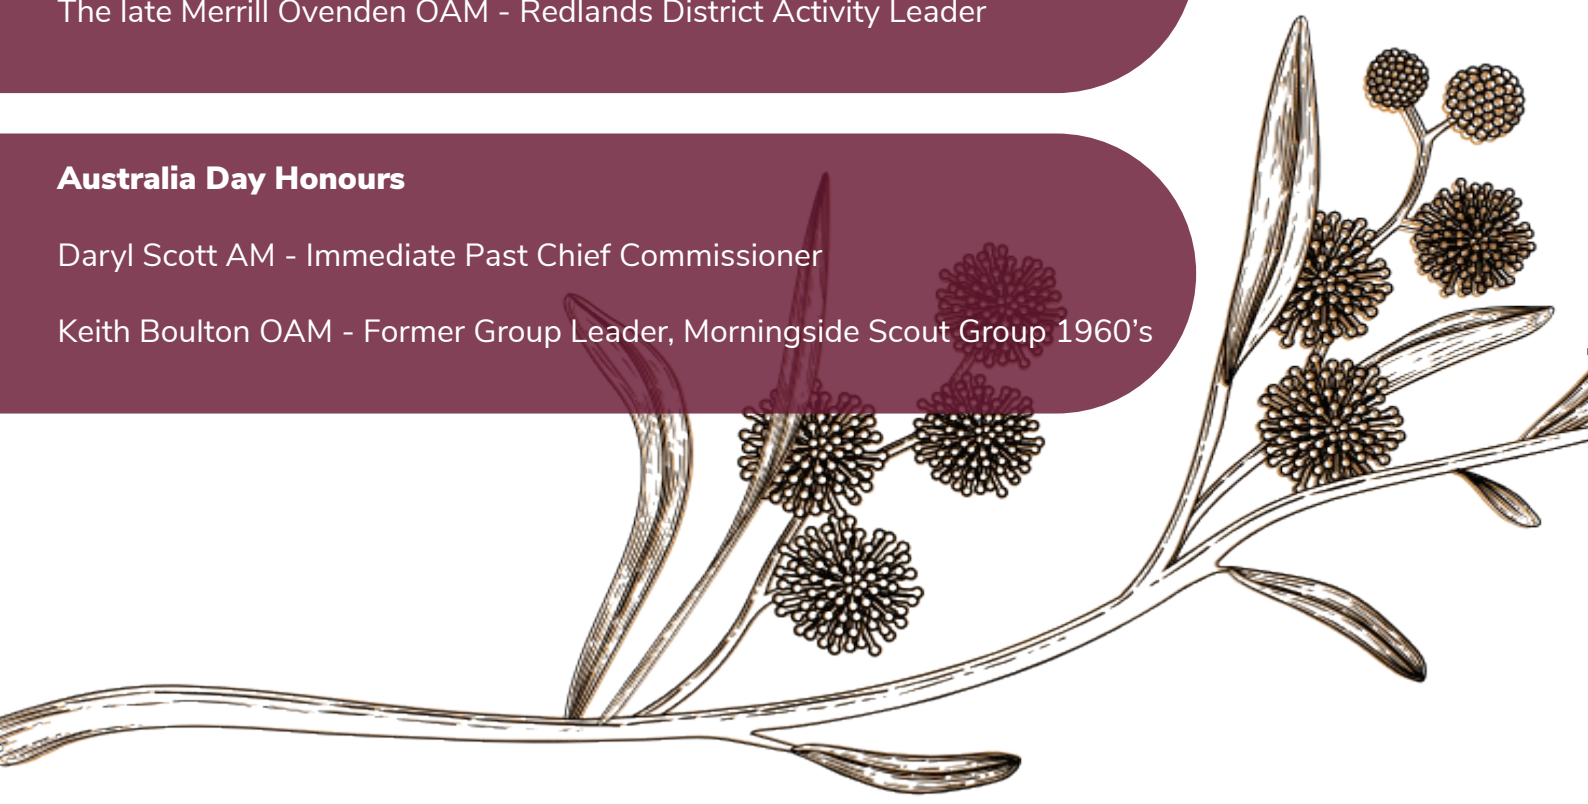

Philip Harrison AM - Branch Adviser (Training Adventurous Activities)

John

Assistant Group Leader

-

Bunya Park

Volunteering with Scouts Queensland is something I truly enjoy and it's been a part of my life for over 40 years! I first joined as a Cub Scout back in the late 70s at Newtown and I've loved seeing how much it connects me to our local community.

It's incredibly rewarding to teach new skills to our awesome young people and build lifelong friendships with everyone involved. I really enjoy spending time with our youth, whether we're exploring the beautiful Queensland countryside or simply having fun together.

Jessica

Rover Scout and Group Leader

-

North Ipswich

I've been in Scouting since I was six years old and it's been a constant, positive influence throughout my life. Now at 24, I'm proud to volunteer as a Group Leader and Rover Scout. Volunteering allows me to give back to a movement that shaped who I am, building my leadership, confidence and lifelong friendships.

A highlight has been the opportunity to travel overseas, through the Scouts International Student Exchange Program and visiting Kandersteg International Scout Centre with Scouts from all over the world. What I enjoy most is seeing the next generation of young people discover their own path, grow in resilience and create their own unforgettable memories, just as I did.

Meng

Group Leader

-

Buddha's Light

Being a Group Leader is an incredibly rewarding experience. It provides the opportunity to implement meaningful change and make a positive difference to people's lives. I enjoy volunteering because it gives me a sense of purpose and contributing to something larger than myself. It also offers the chance to help others and work for a cause I believe in, benefiting the young people.

I am grateful for the friendships made during my scouting journey and the opportunity to serve the community. As Leaders, we are positive influences and mentors for young people, offering guidance and support, teaching them to understand the needs of others and encourage empathy, compassion, kindness and giving.

Alex

Rover Scout and Cub Scout Leader

-

Indooroopilly

When I transitioned into the Rover Scout section after spending 10 years as a youth member, I reflected on my own Scouting journey. I decided the best way to give back the time and effort put into my time in Scouts by the Leaders and volunteers within my Group, would be to sign up as a Leader myself.

This has given me the opportunity, not only to share the knowledge I have gained during my time in Scouting, but to also empower my Cub Scouts to push themselves to their limits, have fun and be the best versions of themselves both when at Scouts and in their everyday lives.

Elise

Scout Leader

-

Bribie Island

I had no previous Scouting experience when I joined as a Leader five years ago, but it has been one of the most rewarding decisions I've made. Scouts has taught me a huge range of practical skills, from paddling canoes and going on overnight bushwalks, to towing trailers and pioneering. I've experienced adventures I never would have otherwise, like attending Jamboree and leading outdoor camps.

What I love most is seeing young people grow in confidence and ability. I've learned just as much from the young people as I have from fellow Leaders, especially when it comes to bushcraft and camping. Volunteering with Scouts has expanded my world in the best way possible.

GRANTS

Community support to deliver projects that benefit our members, their families and the neighbourhoods, cities and environment they live in, is an essential component to the effective delivery of the Scouting program. Through Grant, Sponsorship and Donation programs our volunteers have been able to provide valuable and essential improvements to properties, facilities, equipment and program resources. They have participated in training and activities to better support the growth and development of youth members and have been able to offset costs that could otherwise have put financial strain on families.

Scouts Queensland has supported the successful application of 98 funding opportunities in the 2024/2025 Scouting year. With a total funding award of $696,271.

This funding success has benefited:

- 53 Scout Groups from 10 Scout Regions across Queensland
- 4 Scout Districts - who benefit multiple Scout Groups in their area
- 3 Scout Regions - who benefit Districts and a wider Scouting area
- 6 Events – not including the support received for the Australian Scout Jamboree
- 2 Scout Campsites
- 1 Scout Activity Centre

With your support Scouts Queensland was able to provide positive experiences, resources and skills to enable the delivery of safe programs for young people.
